| Normal Job Tasks/Duties        | Exposure to COVID-19      | • All workers should be trained in COVID-19 safety measures and precautions.  
• Workers must review and acknowledge receipt of this JHA.  
• Specific tasks to be outlined and limited to scope and duration as much as possible.  
• Associated workers will have to successfully complete a daily health assessment.  
• Required Personal Protective Equipment (PPE); including, face covering/mask, face shield or mask, protective gloves, and site/task specific PPE, as necessary.  
• Task and site-specific PPE shall also be utilized in conjunction with any COVID-19 specific PPE.  
• Workers to be trained for required PPE usage, selection, donning/doffing procedures.  
• Disinfect tools, materials and area prior to starting work. Disinfecting solution, access to soap & water, and hand sanitizer will be provided.  
• Perform tasks safely using task specific procedures.  
• Complete tasks and disinfect all tools, materials and area prior to removing PPE.  
• Remove and dispose of single use PPE. Reusable gloves, face shields and other PPE should be cleaned, dried and stored for future use.  
• Wash hands, face and other body parts with soap and water for at least 20 seconds.  
• Use hand sanitizer as necessary. |
| Tasks requiring workers to be closer than 6’ |                           |                                                                                                                                                               |
