Join us for this complimentary workshop as we discuss how to implement the CA NGSS Standards using engineering lessons with your Preschool to 8th grade students. You will learn how to "Think Like an Engineer" as we explore 3-Dimensional Learning using the Engineering is Elementary (EiE) curriculum from the Museum of Science, Boston. The EiE curriculum is the nation's leading engineering STEM program that engages students in engineering challenges and incorporates the 5E's of inquiry. Your workshop will conclude with your own Engineering Design Challenge!
