CULTIVATING A COMMUNITY OF LIFELONG LEARNERS THROUGH CONTINUOUS REFLECTION AND COLLABORATION

EARN YOUR PROFESSIONAL CLEAR CREDENTIAL WITH US

WHAT WE DO
We provide a two year Induction Program to clear both General Education and Education Specialist preliminary credentials. As well as earning your clear credential, we offer 4 units from the University of California Merced at a minimal cost for your participation in the program for advancement on your salary schedule.

HOW WE DO IT
Working with a dedicated mentor, you will meet on a regular basis to grow the practice of teaching and learning, set and meet your site and district goals, learn to navigate professional responsibilities and workload, and celebrate student successes!

WHAT YOU DO
During the course of your Induction Program, you will: develop your teaching practice through individually designed inquiry work, participate in classroom observations, measure your growth over time, and explore a variety of professional development opportunities.

We are excited to welcome you to the profession of education and look forward to partnering with you as you earn your professional clear credential in Merced County Teacher Induction Program!
