

Integrated & Designated ELD Academy

April 19,
2019

This interactive institute is for leaders and teacher teams seeking to understand the meaning of and differences between **Integrated** and **Designated ELD**. Participants will explore an approach to designing and planning powerful, interactive ELD lessons devised to grow language in and through academic content. Together, we can ensure English learners develop the language needed to comprehend academic content; to participate in the academic life of the classroom; and to learn how English works.

Participants will:

- explore video examples of integrated and designated ELD
- delve into student grouping and ELD delivery
- investigate strategies for ensuring English learners develop language
- gain access to tools and templates for planning
- engage in discussion around the role administrators and districts systems play in supporting teachers to transition to the new vision of ELD

Teams are strongly encouraged to attend together.

TIME: 8:00AM-3:30PM

LOCATION: J2

COST: \$125 INCLUDES LUNCH & MATERIALS
