## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program  
Comprehensive Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Valley Community School Merced operates a Schoolwide Program and receives funds through the Consolidated Application. The proposed expenditures of funds allocated to the school are reviewed annually and updated by the School Site Council. The SPSA is aligned with the school goals for improving student achievement. Our school is currently in Comprehensive Support and Improvement for graduation rate. Our SPSA Plan also serves as our CSI plan.

The SPSA meets the ESSA requirements in alignment to the Local Control Accountability Plan (LCAP). The SPSA includes goals to improve pupil outcomes, evidence-based strategies, actions, or services, proposed expenditures, monitoring process, and parent involvement process.

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Student, parent, and teacher surveys are administered and analyzed at least twice yearly. The 2021-2022 spring Parent Survey English/Spanish survey responses indicated the following percentages of parents/families who agree or strongly agree with the following statements:

100% feel safe at school

100% believe teachers and staff members truly care for students

87.50% students are motivated to learn

93.75% academic success is promoted for all

87.50% the school keeps parents well informed about school activities

81.25% the school promptly replies to telephone calls, messages, or emails

93.75% the school offers high quality academic supports for students

93.75% feel knowledgeable about Common Core Standards

87.50% the school offers opportunities to provide input on policies and programs.

The 2021-2022 spring Student survey responses indicated the following percentages of student who agree or strongly agree with the following statements:

90.70% I feel safe on campus.

80.20% I look forward to participating in school.

89.40% believe that the teachers and staff members truly care for me.

86.80% I trust my ability to solve difficult problems.

86.80% I usually expect to have a good day at school.

81.50% When I feel upset, frustrated or angry, there is an adult on campus I can talk to.

52.60% I have at least one friend at school who I can talk to when I am having a difficult day.

89.40% I feel supported by school staff.

94.60% I believe that being prepared for high school, college and the world of work is important.

Students could use more help in the following areas:

Math 58%

The 2021-2022 spring Staff survey responses indicated the following percentages of staff who chose full implementation or full implementation with sustainability in the following topics by subject:

Rate the District's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

ELA 25%

ELD 25%

Math 25%

Science 25%

History/SS 25%

Rate the progress of having instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.

ELA 36%  
ELD 32%  
Math 36%  
Science 32%  
History/SS 32%

Rate the progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

ELA 40%  
ELD 36%  
Math 40%  
Science 28%  
History/SS 32%

Rate the progress in implementing each of the following academic standards adopted by the State Board of Education for all students.

Career Technical Education (CTE) 75%  
Health Education 25%  
Physical Education 50%  
Visual/Performing Arts 25%  
World Languages 25%

During the 2021-2022 school year (including summer), rate the success at engaging in the following activities with teachers and school administrators.

Identifying the professional learning needs of groups of teachers or staff as a whole. 0%  
Identifying the professional learning needs of individual teachers. 0%  
Providing support for teachers on the standards they have not yet mastered. 0%

The 2021-2022 spring Staff survey feedback in the area of Parent Engagement indicated the following percentages of staff who chose full implementation or full implementation with sustainability in the following topics:

Developing the capacity of staff to build trusting and respectful relationships with families 50%  
Creating welcoming environments for all families of the community 50%  
Supporting staff to learn about each family's strengths, cultures, languages, and goals for their children 51%  
Developing multiple opportunities to engage in 2 way communication between families and educators using language that is understandable and accessible 50%  
Providing professional learning and support to teachers and principals to improve a school's capacity to partner with families 50%  
Providing families with information and resources to support student learning and development in the home 50%  
Implementing policies/programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes 50%  
Supporting families to understand and exercise their legal rights and advocate for their own students 25%  
Building the capacity of and supporting staff to effectively engage families in advisory groups and with decision making 50%  
Providing opportunities to have families, teachers, principals, and district admin work together to plan, design, implement and evaluate family engagement activities at school and district levels 50%

Providing all families with opportunities to provide input on policies/programs and implementing strategies to reach and seek input from any underrepresented groups in the school community 50%

## **Classroom Observations**

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Oversight of Individual student/teacher meetings are conducted throughout the year. Administrators conduct observations regularly to support, help develop, and continue engaging, rigorous and safe classrooms that will develop students that will reach higher levels of achievement, thus becoming lifelong learners. Observations serve several purposes: monitoring of standards based adopted programs, implementation of research based instructional support strategies, and to develop collaborative work in learning and refining craft. The data collected from observations is for continual improvement of practices, extracting trend data, and determining future professional developmental growth areas.

## **Analysis of Current Instructional Program**

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## **Standards, Assessment, and Accountability**

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

VCS Merced uses data from state and local assessments including CA Assessment of Student Performance and Progress (CAASSP), English Language Proficiency Assessment of California (ELPAC), STAR 360, curriculum-based classroom assessments, the Reading Inventory, and English Language Arts/Math Performance Tasks to place students in tiered learning groups with appropriate interventions to ensure academic success of all students. This year we will utilize local data only, due to the state suspending the 2019-2020 SBAC and Summative ELPAC administration as a result of the COVID pandemic.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Valley Community School, Merced runs an independent study model. The adopted core program provides common formative and summative assessments. The assessments are used to monitor student progress and modify instruction. Supplemental materials in both ELA and math are provided for student support Tier II interventions. Data is systematically collected and analyzed by teachers, grade level teams, and Leadership to ensure proper student placement and appropriate instructional delivery based on individual student need.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All Full Time Equivalent teachers of Valley Community School, Merced meet or exceed the requirements of the Every Student Succeeds Act (ESSA, 2015) and are considered highly qualified. Teachers on a Provisional Intern Permit work with the Human Resources Department to ensure proper credentialing and licensing. At our school, there are 8 Full Time Equivalent teachers.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Valley Community School, Merced meets the requirements of sufficiently credentialed teachers (see question 3). In 2018 the district adopted State Board of Education approved materials for our core program, FuelEd. Teachers receive training from the publishers in this adoption. Professional development specific to this new adoption occurred at the district and site levels. Documentation for all professional development offerings is on the School Accountability Report Card. Site-based professional learning occurs during teacher collaboration times and staff meetings.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

All staff development activities align with Common Core State Standards, which have been an emphasis for the district in the disciplines of English Language Arts/English Language Development and Mathematics in the last several years. Student performance in the mastery of standards is measured several times throughout the year through the administration of standardized state tests, district benchmark assessments, curriculum-based classroom assessments, and through common formative assessments.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Teachers engage in opportunities to refine their craft by participating in professional development in a variety of settings: conferences, MCOE Professional Development offerings, site-based professional development, and individual classroom coaching.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate their professional work that occurs during grade-level, faculty, or other designated meeting times. Articulation of student achievement information occurs weekly, as teachers and other staff monitor student progress data and make adjustments to meet student needs.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

District-wide adopted core materials, FuelEd, were selected based on the State Board of Education Adoption recommendations. The curriculum is aligned to Common Core State Standards (CCSS) and includes credit recovery material to facilitate earning credits at an accelerated pace. Instructional pacing guidelines for courses help counselors and teachers in selecting standards for instruction. Research supported instructional strategies are the foundation of teaching. Methods, such as direct instruction, Academic Discourse, and numerous other strategies, are applied by teachers.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Valley Community School, Merced, is an Independent Studies school. Independent Study (I/S) is an alternative to classroom instruction consistent with a school district's course of study and is not an alternative curriculum. Independent study is voluntary. Our I/S program follows all legal requirements and policies.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Valley Community School, Merced offers an Independent Studies program. The school guidance counselor and student plus parent/guardian plan course completion through an Individual Learning Plan. Students earn credits course recovery and other courses required for graduation. The teachers use the units of instruction in the core curriculum to align knowledge of standards to student needs. Identified students who require further support to access grade-level standards receive targeted interventions. A flexible intervention schedule, complementary to the master schedule, is implemented.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Standards-based instructional materials are available to all student groups at our school. All core standards-based materials contain digital and print options that allow for instructional differentiation to accommodate student achievement levels.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Students access standards through direct instruction, other research based strategies and include the use of both digital and text standards-aligned resources. Intervention materials are available for students who require further support. In English Language Arts/English Language Development and Mathematics, the primary source of materials is within the district's adopted programs. English Learners are provided with supplemental materials through the English 3D and Writable programs.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

The regular program offers counseling and academic support to ensure at promise students meet standards. The school psychologist and counselors provide social-emotional support through group lessons, classroom lessons, family outreach, monitoring daily student self reports of emotional state, and providing teachers with lessons to support students' social-emotional well-being. Instructional assistants work with students in small groups to offer support in attaining necessary academic skills that are lacking.

Evidence-based educational practices to raise student achievement

Research-based educational practices promoted by the school and district include direct instruction, academic discourse, justification of answers, vocabulary development, completion of classroom based formative assessments, as well as integration of technology.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Valley Community School, Merced recognizes that parents are their child's first teachers and encourage parents to participate in the educational program of their children, especially to help promote the success of under-achieving students. Many opportunities exist for parents to participate in the educational and decision-making process at our school. Opportunities for parental involvement include: School Site Council, English Learner Advisory Committee, parent-teacher conferences, graduation, seasonal events, and parent education classes. Additional opportunities to participate in district-wide Local Control Accountability Plan (LCAP) forums, as well as site-based LCAP activities are available.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Stakeholders have adequate opportunities to participate in the development of school-wide programs at Title I schools and categorical programs. This participation is in coordination with federal law (No Child Left Behind Act of 2001 and subsequent Every Student Succeeds Act of 2015), California Education Code, and the policies and regulations of the Merced County Office of Education. Parents elected to serve on the School Site Council advise the school administration and approve the expenditures from the categorical program budgets. A School Site Council parent-member is also selected each year to represent the school site as a member of the District Advisory Council (DAC). Parents of English Learners may participate in our school's English Learner Advisory Committee. The English Learner Advisory Committee advises the administration regarding the English Language Development program and matters relevant to English Learner students. A member of this committee is selected to represent our school at the District English Learner Advisory Committee (DELAC). School representatives are included at the district level, meeting numerous times per year: The District's Consolidated Application is reviewed each spring by DAC and DELAC.

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Our school and the district provide numerous programs to benefit underperforming students. These services are:

- Offer a robust educational program during summer months, providing more time to earn credits and possibly graduate.
- Provide a safe learning environment.
- Provide a rigorous Distance Learning program using technology
- Establish and routinely implement collaborative structures and processes to monitor student academic progress at all levels
- Track disaggregated student achievement data.
- Offer support classes and tutoring session time
- Implement intervention best practices, based on the district's Multi-Tiered System of Support (MTSS) framework.
- Develop and implement tiered levels of re-engagement support.
- Provide instructional coaching and professional learning opportunities aligned with research-based practices.
- Use data-driven decision making to identify supplemental services and materials for students.

## Fiscal support (EPC)

The school and district's general and categorical funds are coordinated, prioritized, and allocated to align with the results of the California School Dashboard for the subjects of English Language Arts/ English Language Development, Mathematics, Suspension Rate, and Chronic Absenteeism; the Local Control Accountability plan and the School Plan for Student Achievement.

## **Stakeholder Involvement**

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### **Involvement Process for the SPSA and Annual Review and Update**

Meaningful involvement of parents, students and other stakeholders is critical to the development of the School Plan for Student Achievement (SPSA). The SPSA involvement and review process aligns with the school's LCAP engagement plan. The purpose of engagement is to align the efforts of LCAP, LCAP Addendum, WASC and SPSA for a system-wide program to address the strengths and needs of the school and LEA.

Established review processes included outreach to parents, classified and certificated staff, administration, and the community. The following groups and committees were a part of the review process and input gathering for the development of the SPSA:

- School Site Council -October 2021, January 2022, and June 2022
- English Learner Advisory Committee -October 2021, January 2022, and June 2022
- Teaching Staff - through survey and staff meetings - May 2021 and ongoing
- Other Staff - through survey and staff meetings - May 2021and ongoing
- Administration Team - through survey Leadership meetings, and Continuous Improvement sessions - May 2021 and on
- WASC Focus Groups - monthly - ongoing

- Curriculum Collaboration Groups - monthly - ongoing
- Parents - through multiple surveys - May 2021 and ongoing
- Students - through surveys and ILP meetings with the counselor - May 2021 and ongoing
- Community - through surveys, webpage postings, Board meetings - May 2021 and ongoing

### Comprehensive Support and Improvement Involvement

A stakeholder meeting with all teachers and staff was held earlier this year to discuss the status of our graduation rate at VCS Merced. We increased the graduation rate and were now above the state's required minimum percentage, but since a two year average was used to calculate the 2020 Dashboard, our school continued to qualify for CSI for another year. At the stakeholder meeting we discussed ideas of how the school increased the graduation rate from the past year to this one and also requested recommendations of what we needed to keep doing in order to continue to increase the rate and what else we could add. Teachers and other staff recognized that they made a conscious effort to focus on 12th graders and encouraging them to earn their credits towards graduation. They also acknowledged that they understood when an identified student may qualify to graduate under lesser required units and how to process that request. The group stated that student incentives for motivation, supplemental materials to bridge the gap in learning loss, and tutors were still important supports to provide the students.

Students and parents/families were surveyed to provide feedback on how the the school could continue to work on the short term success for all students which is graduation and their long term success beyond high school, especially as continue to operate within Distance Learning. Both groups voiced that student-desired incentives for motivation were important, as well as small group intervention and tutoring sessions.

Our Leadership team worked with MCOE Continuous Improvement Department in May and June in developing our needs assessment and in identifying resource inequities by reviewing our CA School Dashboard data and Spring surveys of staff, students, and parents/families. We also conducted a self-assessment and reviewed data conversation protocols.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Valley Community School Merced is an independent study model school. Students meet with teachers at least once a week for instruction, guidance, and work assignments. During Distance Learning, this meeting is taking place on a virtual platform. Teachers are located on three different school campuses to serve students in their local communities (Merced, Atwater, and Los Banos). The independent study school operates in conjunction with another daily Valley Community School campus.

Over the course of the year, independent study teachers have been meeting with administration to discuss resource inequities and needs of students. A meeting was held to specifically discuss the low graduation rate of independent study students to develop a list of ideas and recommendations for increasing the graduation rate. Teachers also met with students and assigned essay prompts for student input around recommendations for increasing graduation rate. Surveys for students and their families were also sent out in August to determine what students needed to be successful in their future goal of high school graduation.

During the comprehensive needs assessment process, the following resource inequities were identified:

Access to CTE courses – Students who want to participate in CTE courses, which are held on campus, must attend the course section two-five days a week. VCS Merced students attend

independent study because they are not able to attend a daily program five days a week. Therefore, a modified CTE course schedule where students are not required to attend five days a week would be more accessible to VCS Merced students. Within the Distance Learning program, these classes can be taken virtually and as long as the class doesn't conflict with their weekly appointment time, the student can enroll in the class.

Access to tutoring assistance – Students located on the each campus currently have tutors a few days a week to support students. The feedback provided was that more tutors or increased hours were needed.

Access to transportation – Students sometimes miss their appointments with teachers because they do not have transportation.

Student Motivation – Students are often working alone with their assignments at home and do not have much time for socializing, interacting with other students, and being involved in extracurricular activities at school. Students have few school incentives to encourage them to do well in school.

Staff Time - a number of our students graduate during our summer program and many of our other staff are off during the summer. The Leadership team realized that the summer graduates may not be captured in a timely manner as far as paperwork and system processing. We will work to develop a process to ensure that school counselor's top priority when returning is to review summer graduates and process paperwork and submit in a timely manner with the Records office who makes system updates to accurately capture the number of graduates in the summer program.

## Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
<b>183</b>	<b>89.1</b>	<b>17.5</b>	<b>2.2</b>
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	32	17.5
Foster Youth	4	2.2
Homeless	7	3.8
Socioeconomically Disadvantaged	163	89.1
Students with Disabilities	28	15.3

# School and Student Performance Data

## Academic Performance English Learner Progress

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

### 2019 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Academics - ELA

## LEA/LCAP Goal

LCAP Goal 1: All students will demonstrate growth in academic achievement towards meeting or exceeding CCSS standards in the areas of ELA, math, and English proficiency.

LCAP Goal 4: Merced COE will employ highly qualified staff with appropriate assignments, provide sufficient instructional materials, maintain facilities, and coordinate services in support of Foster Youth and Expelled Youth.

## Goal 1

40% of students will increase their ELA score on the STAR360 benchmark assessment from B1 to B2 by one grade level equivalent.

## Identified Need

Increase the percentage of students who demonstrate academic growth and proficiency needed to ensure they leave the TK-12 system ready for college and career. The data used to arrive at this need was the California School Dashboard data and qualitative data from stakeholder meetings. Our school created a SMART goal for ELA, but we will continue to monitor other metrics.

### SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

### ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall, actions and services were implemented to achieve the articulated goal in 2020-21. Professional development for certificated and classified employees were provided. Qualified certificated and classified staff were employed to nurture, serve, and lead students to be college and career ready.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

# Annual Review

## SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

### ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We will continue to develop and implement process to identify student for reclassification during the school year including students with disabilities. Without ELPAC scores for spring 2020 this made the process a little more difficult. We did administer the spring 2021 ELPAC and are looking forward to receiving those scores to being identifying students. We also conducted more training for our supplemental EL curriculum so more teachers are beginning to implement the program which is designed with long term EL students.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

n/a

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal will continue to be measured into the 2021/22 school year and did not have any significant changes.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

School Climate/Culture

## LEA/LCAP Goal

LCAP Goal 2 - Increase the percentage of students and parents/community who feel that school is a safe and supportive environment by providing a school climate that increases engagement and involvement especially for low income, foster youth, or students who are experiencing homelessness to ensure each child is academically, physically, and emotionally healthy.

LCAP Goal 3 - Decrease the number of chronically absent students by 12% by 2024, with a decrease of 4% per year, as measured by local data from our SIS monitored on a quarterly basis.

## Goal 4

100% of staff, students, and families agree or strongly agree that the school provides a positive school climate and culture.

## Identified Need

Increase the engagement and support of staff, students, families as stakeholders and decision makers. The data used to arrive at this need were stakeholder focus groups and surveys.

## Annual Measurable Outcomes

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Low income

#### Strategy/Activity

The unduplicated low-income students have some of the lowest rates of participation in extracurricular and enrichment opportunities and programs both inside and outside of school, leading to lower rates of student engagement and motivation in school and lower social emotional confidence. To address these needs, educational enrichment and school activities will be provided. This will increase the access to extracurricular and enrichment opportunities, student engagement and motivation in school and social emotional confidence. To increase student motivation, student desired incentives will be provided. Admission to MCOE festivals and other sponsored activities will be provided.

#### Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
2,000	Title I Part A 5000-5999: Services And Other Operating Expenditures

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

### Strategy/Activity

Provide parent involvement activities, including parents of students with exceptional needs, such as: communications to parents, parent volunteers, parent education, parent portal access, and family events. Provide school communications to parents, including parents of students with exceptional needs, in the home language. Resources and trainings for Parent Engagement. Provide bilingual interpreting and child care services for parent meetings, including Individualized Education Program (IEP) meetings. (Aligned to LCAP Goal 2, Action 7)

### Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

## Annual Review

### SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall, actions and services were implemented to achieve the articulated goal in 2019-20. Educational enrichment activities and field trips were provided for students. A variety of support services around trauma, mental health, crisis intervention, and truancy reduction were provided to students. The Parent Portal is available for students to access student education and attendance information.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Most activities were conducted within the school day so expenditures were not as anticipated.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Attendance rates and chronic absenteeism will continue to be monitored by our sites despite ending the 19/20 school year and starting the 20/21 year in Distance Learning.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 1 Other School Staff
- 2 Parent or Community Members
- 1 Secondary Students

## **Name of Members**

## **Role**

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/18/2022.

Attested:

	Principal, Derrek Dean on 05/19/2022
	SSC Chairperson, Lupe Barriga on 5/19/2022

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

**The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.**

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

### **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

### **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

# Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

## Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

## Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]*

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
